

June INTERM E-Newsletter

New regulations and restrictions as of 12:01AM Wednesday June 30, 2021

Ontario Reopening Plan: https://www.ontario.ca/page/reopening-ontario

Please continue to monitor our web site for updates on the club and COVID restrictions.

Stage 2 reopening mostly applies to opening outdoor use.

We are currently limited to 1 guest per member at the range.

The clubhouse is still closed except for washroom use and guest sign in use.

The indoor ranges #9 and #10 remain closed.

Reminders,

- 1. Only approved targets are permitted at our club. Please download and read the Range User Guide in the "Members' Only" section of our website.
- 2. On the shotgun ranges, ONLY clay bird can be used. No other targets are allowed.
- 3. When using your personal clay bird throwers, you must be standing as the shooter on the two patio stones on the north side of the range between the high and low houses.
- 4. Please do not place your personal thrower on the new walkway on the skeet range.
- 5. All members are required to pick up ALL spent case and place them in the range PAIL not in the garbage cans.

There are some projects starting up over the new couple of weeks. One will require a closure of the club for a day. We will notify members of any closures.

Please check our web site and online calendar before leaving for the range. Follow our Facebook page if you can also.

Workdays will be starting back up. Please check our online calendar for dates and start time. Please take the time to sign up so we know who and how many members are showing up each workday. The online signup is back in the "Members Only" section of our web site with the password 1352. To attend a workday, we ask that you be at the club no later than 08:45.

Please DO NOT put large pieces of cardboard or spent casing/shells in the garbage cans. All carboard should be put in the sheds on each range. Spend casings and shells should be put in the range pails on each range. Used up target board should be place beside the range sheds, not inside or left on the range.

If you have any questions of concerns about our club, please call the club or send us an email.
