## Washroom Renovation

The upstairs now has two new fully accessible, separate washrooms.

## Website

Remember to always check our website and our online calendar before traveling to the club. There are on going weekly events that may be taking up ranges.

## Port-A-Potties

I have been advised by Bill's John's that some members have been depositing feminine hygiene products and adult and child diapers in the port-a-potties holding tanks. These items are NOT to be dropped into the holding tanks as they will plug up the vacuum equipment used to empty the holding tanks and could lead to damage. We have installed sanitary waste units in each unit.

## Range Update

All ranges have been plowed to the targets.

Range pails are for spent cases only, NO GARBAGE is to be placed in them please.

Garbage cans are for garbage only. Do not put spent cases in the garbage.

Cardboard should be placed inside the range sheds.

Used target backers that can NOT support a target should be move to the front of the range. Please do NOT put them inside the sheds.

## Main Gate Access

Members if you find someone at the main gate having trouble with their access card, please **DO NOT** card them through the gate. Please advise them to call the number on their membership card. There may be a valid reason their access card is not working. Some past members have not returned their photo ID and access cards and we have disabled them.

**Workdays** – Sunday mornings as posted on the web site. Signup for the workdays is done online in the “Member’s Only” section of our website. Try our new updated signup system.
