

Pointing Down Range,
The Lower Trent Valley E-Newsletter

WEEKDAY Workdays

Until the ground dries up more, we have canceled the April mind week workdays. The normal monthly general club workday on Sunday April 24 is still a go.

May Monthly General Meeting

We are planning to have a monthly general meeting on Monday May 30 at 19:00. Please sign up to attend the meeting by [CLICKING HERE](#). If we do not get a quorum for the meeting, it will be cancelled.

Range Use

When using the range please remember to put only garbage in the garbage cans, and put all brass cases, shotgun shells and spent cases including 22 in the range pail. Cardboard targets need to be placed inside the sheds. Used target backers should be brought forward and placed beside the shed for pickup.

Range User Guide Update

The Range User Guide has been updated on the use of drones at the club.

Drones are not permitted to be flown on club property unless approved by the board at a club sanctioned event only and proof of a valid and current drone license is required.

Mapleseed September

Please use this link to sign up for the September Mapleseed: <https://www.eventbrite.ca/e/lower-trent-valley-project-mapleseed-frankford-ontario-sept-3rd-2022-tickets-317386209697>

Coming to the Club

Always check out website calendar as part of your planning to come to the club. There are weekly and special events running all the time. There could be limited ranges access.

Check the Range User Guide for the time of sunset as it is moving later each day. The Range User Guide is in the "Members Only" section of our web site and the password is **1352**.

Everyone on our ranges is required to have ear and eye protection shooting or not shooting.

There were three young children that did not have eye protection on while on live ranges. I had to remind parents/members today.

Sunny days and nice weather are just around the corner. Bringing guests to the club is a great way to introduce new shooters to our sports. But there are things you must remember. We have

**Pointing Down Range,
The Lower Trent Valley E-Newsletter**

limited guest badges **(40)** for a reason. When all the guest badges have been signed out, you and your guests must wait for someone to return enough guest badges for your guests. Guests are not permitted on the ranges without a badge. Guests must be always with you. Guest must tap in and out at each ranges used just like members and their families. The limit of guests is set per membership. Single or family are only permitted 4 guests as any one time. Remember that everyone you bring, including children of any age are guests if they are not on your membership.

Parking is limited until further notice. As the weather gets nicer the grounds will dry out and allow us to open more parking areas. But until then, these areas will remain closed to vehicle traffic so that the grass does not get damaged.

Archery Section Co-ordinator

We are looking for a section co-ordinator for the archery ranges. This just involves being a point of contact for the archery ranges. As co-ordinator you would have to check out all 3 archery ranges and let the club know if there are any repairs or anything that needed to be looked after. If you are interested, please send an email to president@ltvfg.ca

We look forward to seeing you at the club and thanks for your continued support.

The Executive Board.
