

Down Range November Club E-Newsletter

Renewals

- Membership renewals are in full swing now for 2023.
 - Online at renewals.ltvfg.ca. No paperwork is required.
 - In person at a meeting or drop off in the safe in the basement using a renewal form and pay by cash or cheque.
 - By postal mail with a completed renewal form and a cheque.
 - By email with an EMT. Send your completed renewal form and the EMT password in a separate email to renewals@ltvfg.ca.
- You can download the renewal form from our website under the "Members Only" section by using the **password 1352**.
- The membership renewal discount ends November 30.
- If you have not put in your mandatory work hours for 2022 the maintenance fee will be added to your renewal.
- Workdays for 2023 will be done through the monthly Sunday workdays and club events.
- Maintenance hours for 2023 are still 8 hours for the year.

Members using our Bays

- You are required to pick up ALL your cases including 22 cases. Failure to pick up after shooting could result in a suspension or lose of your membership.
- Garbage, garbage goes in the garbage cans not in the pails for spent cases. Paper targets are garbage. Cardboard TARGETS only, are to be placed in the shed.
- Targets MUST be removed from the backers, used or not.
- Sharing a bay is a good way to meet other members.

Club improvement

- The club now has a generator to make sure we can keep shooting. The flags are still in the sheds but are only there in case there is still a power outage.

Bay improvements in 2022.

- First let me thank Pete Franklin for all his hard work in getting this major project completed.
- Reminder members, the paving of the bays is for safety and brass cleanup. No personal vehicles are permitted on the bays or in front of the entrance to the bays.
- Bay #1 we have paved the first 20 yards of the bay. Also, the inside of the shed is now paved. There is a new parking area for Handicap parking only up close to the shed.
- Bay #2 we have paved in front of the shelter for 15 yards and beside the shelter.
- Bay #3 we have re-paved the entrance.
- Bay #3 we have renovated the ditch at the entrance down to the roadway.
- Bay #4 we have paved the entire bay floor.

Club House improvements

- We have had motion sensor light switched installed on all of the basement lighting systems.
- We have had smoke and fire detectors installed in the club house

Coffee Machine in kitchen

- It seems members using the Keurig coffee machine in the kitchen/bar area are forgetting to pay the \$1.00 fee. If this continues the kitchen area will be closed again to all members.

Down Range November Club E-Newsletter

Indoor Archery

- The indoor use of the upstairs for archery throughout the winter will start on November 13. This is Sunday mornings from 08:00 until 12:00.

November Events

- Cowboy Action section is hosting an RO course Sunday November 6 and 7 on Bay #4
- Action Shooting section is hosting an Outlaw IPSC match from Thursday November 17 to Saturday November 19 on Bays #4 and #5
- Monthly workday is Sunday November 27
- Monthly General Meeting is Monday November 28

Youth Day 2023

- The organizing committee for our youth day is looking for 2 or 3 new committee members to help with organizing the 2023 Youth Day. Please contact Jeff Weaver if you are interested at jeff@weaverfuneralhomes.com

Remember to always check the website and the website calendar before coming to the club.

Thank you for your continued support.
Your Executive Board.
