

Membership Update

Membership renewals for 2022 are now completed and all but one of the New Member Information sessions have been completed. The club safety officers are performing the safety courses which will all be completed before the end of May 2022.

COVID-19 Update

All COVID-19 restrictions will end on Monday March 21, 2022. You will no longer be required to wear a mask inside unless you choose to continue to wear one. The restrictions on the indoor ranges of only two people per range will also be lifted.

Upstairs Washroom

The old ladies only washroom upstairs has now been removed and replaced with two new gender-neutral washrooms that are fully accessible.

Range Use

Can someone please explain to me why some members still do not see the difference in these two? One is a small range pail for casings, and one is a large garbage can. Spent casings and hulls go in the little range pail and garbage, **NO CARDBOARD TARGETS**, go in the bigger garbage can.
