The Youth Day committee is still looking for donations of money or prizes. Please contact the committee at <mailto:youthday@ltvfg.ca>

Membership Stickers

The club no longer sends out year stickers for membership cards or renewals. The stickers were originally only for the old photo ID cards. Now that we also have main gate access cards, which control access to the club these stickers are no longer required. It was thought that the cost, around \$5,000.00 per year would be better spent on club improvements. In addition, about 80% of the workload in processing renewals, all done by volunteers, was printing, and sending out stickers.

Renewals

Membership renewals are now winding down for members to renew. The renewal window closes January 31st and any memberships not renewed will be allocated to the new member waiting list. To check the status of your membership, please go online to renewals.ltvfg.ca. You need the first four DIGITS only of your membership number and your last name to login.

New Members

Rather than waiting for renewals to close and working out the total number of openings, this year we started early by phasing them in with smaller groups. We are now into our second group of new members. Seems potential new members are coming to the information sessions those following through and joining the club seems very slow.

There will be a final online waiting list opened in February after renewals have closed.

Project for 2024

Bay #3, permanent enclose shooting positions after testing with plastic this winter.

Bay #8, continue building new range, multi year project.

Bay #13, continue building new range, multi year project.

Archery Butt Range Backstop.

Replace existing TRAP House.

Replace/install complete deck and railings to main hall entrance.

Members, are there any repairs or upgrades that you would like to see around the club to make it better for you and your family?
