New Construction Update

Bay #3 will be closed as of the close of shooting on Saturday June 15. Work will start Sunday June 16 to get the bay ready for the construction work which is scheduled to start on Tuesday June 18. Bay #3 will remain closed until all the work is completed.

If you are free Sunday June 16 and would like to get workday hours in from 8 to 12, we will be working on getting Bay #3 ready for the construction next week by removing everything from within the shelter as in shooting tables, barriers bay lights and so on. Please email president@ltvfg.ca and let me know if you can help. We could use 3-4 members.

Bay #9 (TRAP) is now closed. Work is scheduled to start on the new TRAP house on Tuesday June 18. TRAP will remain closed until this work is completed and the new TRAP machine has been installed and tested.

Bay #10 (Skeet) will run, when construction work permits on Tuesday and Friday. Bill will send out emails to the skeet group to advise on scheduling. Saturdays should run as normal.

New Bays #8 and #13

Work continues. Bay #8 has completed for 2024. The new bay is 73M long. We are planning on trying to get it approved for use at our CFO inspection this year.

Bay #13 has a completed bay floor that now must sit for one year and settle.

Youth Day Event

Another great event for the club on its 11th year. Thanks to everyone that came out and volunteered and helped.
