### **Sunday Workdays**

To sign up for a monthly Sunday morning workday at the club, please [CLICK HERE](#).

As we are over halfway through the 2024 membership year the opportunities for volunteering and avoiding the maintenance fee for 2025 are quickly disappearing.

To avoid paying the maintenance fee on your renewal one of the following is required:

1, Any member over 70 is exempt from paying the maintenance fee but are welcome to volunteer their time.

Please note, we do not keep personal information, such as date of birth, on our records. If you have not previously informed us, please send a copy of a government document showing your date of birth, e.g., driving licence, birth certificate. This only has to be done once, not every renewal.

2, Any member with a government recognised disability in their name is exempt from paying the maintenance fee.

If you have not previously informed us, please send a copy of a government disability document, e.g., disability permit, Canada Revenue Agency Disability Tax Credit, etc. but nothing with medical or financial information on it.

Please Note, any documentation sent to us is used to set your status to exempt and is then destroyed.

3, Completing a minimum of one day of volunteering your time to the club on a scheduled workday. This can be one single day such as Youth Day, Ladies Day, etc. or two half days such as Sunday morning workdays.

Any member that is exempt or has completed their workdays prior to renewing their membership for the following year will not be charged the \$50 maintenance fee. Any member that renews prior to completing their workdays or prior to providing us with documentation for exemption will be receive a refund at the end of the year.
